Skin Care

signature facial

Customized by skin type, includes cleansing, toning and exfoliation to improve skin tone and texture. A serum, massage and treatment mask balances and soothes the skin, finishing with a moisturizer that leaves skin glowing.

microdermabrasion

An advanced exfoliation using a diamond tip that removes the dead layer of the epidermis, resulting in a healthy glow.

clinical peels

Deep exfoliating treatment providing the full benefits of AHAs without the sting. Contains glycolic and lactic acids, with arginine to promote skin renewal and moisturization.

phyto stem cell & facial

The next generation of anti-aging, Nobel Prize-winning clinical service. Plant stem cells result in increased skin cell longevity and formation. Renovage prolongs cell and tissue life span and improves cellular metabolism resulting in a DNA repair effect. Osirtine promotes skin cell survival and longevity.

algomask + facial

Enriched treatment providing immediate, long-lasting hydration. Ideal for sensitive, rosacea, couperosed and acneprone skin.

hydrolifting facial

Powerful moisturizing and toning treatment recognized for firming and lifting effects.

oxygenating treatment

Revolutionary oxygenating treatment for acne and oily skin. Instantly makes pores appear more refined. Brightens and revitalizes fatigued skin, reduces redness and clears congestion. Includes exfoliating peel.

sea c spa facial

Powerful antioxidant treatment incorporating vitamin C, seaweed and an organic mud mask. Reduces the appearance of fine lines and wrinkles, restoring skin's youthful appearance.

collagen 90-II facial

Intensive, anti-aging treatment hydrates, rejuvenates and reconfigures the skin's surface to subdue visible signs of aging. Unequaled for skin renewal!

Skin Care

continued

express facial

A quick exfoliation and rebalancing facial. Includes cleansing and exfoliation to improve skin tone and texture, finishing with a moisturizer that leaves skin glowing.

back treatment

Deep-cleansing exfoliating scrub followed by extractions, massage and a custom mask.

brow tint

Enhance the color, add the illusion of thickness and dimension to fine, sparse or pale brows.

Massage

relaxation massage

Concentrates on the muscles and connective tissue of the body for improved circulation, relaxation and overall wellbeing.

deep tissue massage

Utilizes slow strokes, direct pressure or friction across the grain of the muscles, working deep into the muscles and connective tissue. Useful in treating pain, inflammation and injury.

hot stone massage

Uses heated basalt stones, creating sensations of comfort and warmth. The direct heat relaxes muscles, allowing a gentle but deep manipulation.

pregnancy massage

Gentle technique to help alleviate discomforts associated with pregnancy, including lower back, neck and shoulder pain, fatigue and joint tenderness. Can help improve circulation, promote stress reduction and relaxation. Check with your doctor prior to receiving treatment.

reflexology

Releases stress throughout the body using specific thumb and finger pressure on feet and hands. Thousands of nerve endings are stimulated, benefiting circulation, releasing tension and pain and freeing the body to seek its own balance.
